FLATIRON CAGE

The SUPER GYMS & RACKS series products are specially designed for commercial clubs and home fitness enthusiasts, featuring rich functionality, space-saving design, and high safety standards.

The FLATIRON CAGE, when paired with a barbell, allows for various freestyle weight training exercises such as free squats, bench presses, and deadlifts. It can also be used with a training bench for exercises like flat bench press , incline bench press, decline bench press, and seated shoulder press. The standard commercial-grade tubing (3inx3in x0.1in), along with safety arms, provides security during work-outs. The product weighs 308 lbs and has a maximum training load of 660 lbs.

Double-sided quick-adjust J-hooks, good for exercises like bench press, squats, deadlifts, and military press.

Multi-functional pull-up bar offers three different grips. Diamond-patterned knurling for effective anti-slip.

Three barbell plate storage rods on each side.

13 adjustment positions, each spaced 4inches apart, with the highest being 67.5 and the lowest being 18 inches.

Double-sided quick-adjust safety arms

Landmine as standard attachment

Three resistance band hooks on each side.

barbell storage on each side.
